Clarksville and Vincennes played at Dawson Saturday and Sunday.

Hott, released by Vincennes to Terra Haute, is making good.

The second season is starting out with the teams well balanced. The great need is good umpires.

Conklin Gets Rotten.

Umpire Conklin, whose work during the first part of the season was quite satisfactory, has gone to the bad and has become a booze fighter.

Once while here the last time he overslept himself and delayed the game 30 minutes, until he was sent for. At Paducah Saturday he was encountered again by the Moguls and it became evident early that his habits had affected his work as umpire and that he had developed into about the rottenest Gosnellite the League has been disgraced by this year. He did all he could to take the game from the Moguls Saturday, but failed because the locals couldn't get on base at the critical point. Sunday he was more successful and gave the game to Paducah, crippling the Hopkinsville team by putting Huhn out of the game and fining every player who didn't look pleased when robbed. If we are to have decent ball in the League the umpires must be clean, sober and capable men, who command the respect of the players and the confidence of the people who pay to see baseball and not an exhibition of some cheap skate's spitwork. Conklin's head has evidently been filled with mistaken ideas of his own importance by compliments on his work before he had a chance to show his real character and bad habits. He should be fired without delay and a decent umpire put in his place.

Unassisted Triple.

Walter Carlisle, centerfielder for the Vincennes club, at Los Angeles July 19, made the sixth unassisted triple play in organized baseball.

In the sixth inning, with the score tied, Moore and Metzger, of Los An-

geles, walked. Pitcher Carson, of Vernon, was replaced by Stewart. Akins, third baseman for Los Angeles, hit a low one over second base for what looked like a clean single. Moore and Metzger both got off on a hit-and-run signal, but Carlisle, playing close in, came forward like a flash and picked the ball off his shoe tops. His momentum carried him off his feet and, when he recovered, both base runners, counting Akin's drive a sure safety, had passed second station. Carlisle raced to second and touched the bag while Moore was well on the way to the plate, then trotted to first retiring Metzger.

The unassisted triple plays on record are: Paul Hines, of Providence, at Providence, 1887; Harry O'Hangan, of Rochester, at Jersey City, 1902; Larry Schaffley, of Portland, at Portland, Ore., 1904; Murch, of Manchester, at New Bedford, 1906; Neal Ball, of Cleveland, at Cleveland, 1909; Walter Carlisle, of Vernon, at Los Angeles, 1911.

More Pay For Postal Men.

Washington, July 24.—Postmaster-General Hitchcock has ordered promotions for postoffice clerks and city letter carriers which carry increases in salaries approximating two million a year. Orders also were issued for promotions in all the railway mail service, which will total \$175,000 a year. The increases are in addition to the increase for rural mail carriers, totaling \$4,000,000 a year, which became effective July 1.

Thus four great groups of postal employees have received increases in pay aggregating \$6,000,000 during the current fiscal year.

Woman's Death a Mystery.

Gallapoli, O., July 24.—The nude body of Miss Mary Priddy, 60, was found today near Government Light, at the foot of Knob Shoals, on Great Kanawha river, twenty miles east of here, partly burned. Her death is mystifying the local authorities. Miss Priddy has attended the government lighthouse at Knob Shoals for several years.

Woman Made Happy.

Trinidad, Col., July 23.—Mrs. R. M. Warden, of Dallas, Texas, while standing on the rear end of a Colorado Southern passenger train, yesterday dropped her purse, containing diamonds valued at \$3,000 and \$100 in money. The conductor was informed, and though the train had traveled more than three miles, a brakeman went back and found the purse.
